I'm sure you will all agree the addition of screens to the Church has proved very popular and enhances our Sunday worship.

We have a small team of volunteers (3) trained up to work the screens and recording of the service on a Sunday.

We are now ready to expand that team and train up some more volunteers to spread the load to help every 6 weeks or so.

Full training will be provided including side by side until you are comfortable.

The bigger the rota, the less reliance we will place on individuals in the team.

If you'd like to explore further (no need to commit until you are happy and trained ). Please phone Gavin Halliday on 07990 550 444. Or email:

Another 3 volunteers would be perfect. If you come to Church on a Sunday then it's not a big additional ask to sit at the back and work the screens.

The service will already be loaded on to the pc for you.

Help if you can.

Rev John
